

Disclaimer

*This website is **not** hosted by MIND Research Institute. We are not responsible for the content on the site, nor the open access to the site. We recommend having parents or teachers using the steps below to offer direct access to the games because there is open gaming and chat functionality on the site.*

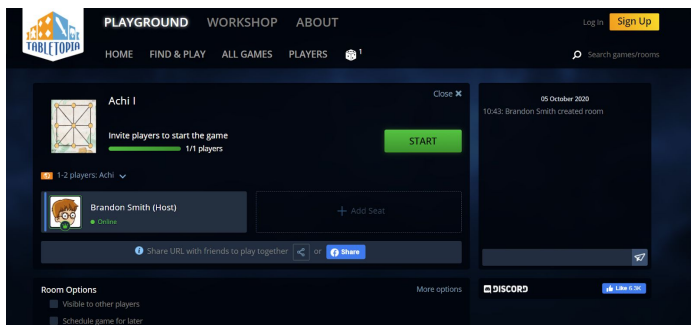

Laptop or Desktop Web Access (Mac, PC)

Note: web access and remote play is only available for free on laptop or similar computers.

To access the game via the web, click on the link provided.

Enter a name and **Play as Guest**

- Below the game image, use the dropdown menu to pick a stage/setup to play.
- To play solo or take turns on the same device, click start.
- To add a guest, click **+Add Seat**
- Then share the link with a friend using **Share URL with friends to play together**

- Once they join the game, have the other players click **Ready**.
- Then click **Start** to begin the game.

Note: web-based play isn't compatible with mobile gameplay at this time. To play against each other on the web, all players should be on a laptop or desktop.

Weblinks (laptop/desktop only)

These weblinks do not support mobile devices. For mobile access, see the next section.

SHARING THE GAMES WITH OTHERS:

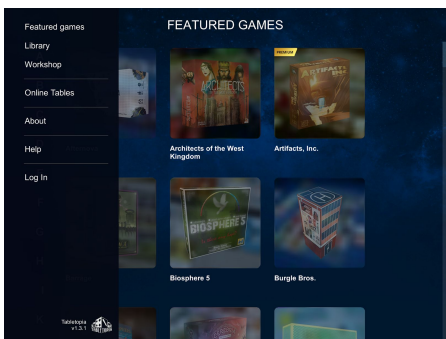

To share the game with your students and families, right click to copy the link address/url. This allows each player to start their own game room. If you want, share this pdf so that others may click directly on the link and start their own room.

Kraal Animals	Animals and Numeric Cards
Achi (and related gameplay)	Original, Numeric, Addt'l Play
Turtle Sums (Puzzles 1 - 25)	Standard puzzles (five at a time)
Turtle Sums Extended Play (Puzzles 26+)	Extended Levels
Cannonball (numeric and 3D puzzles coming Soon)	Cardboard Foam Balls
Gulugufe (enrichment game)	Two and Four Player

Mobile Access (iOS, Android)

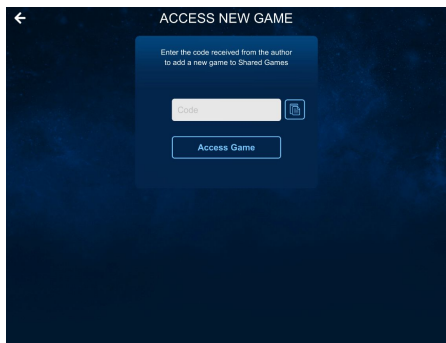

Download the TABLETOPIA app on your phone or mobile device.

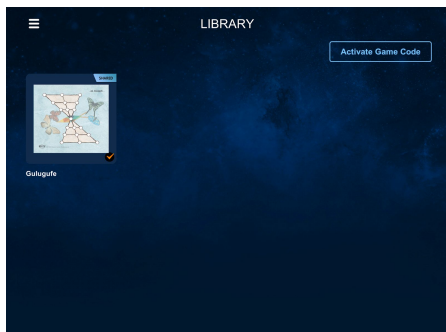

Sign in as a guest, no login credentials necessary.

Open the left navigation bar and go to LIBRARY.

Access a new game by typing in the game code (see next section)

Download the game and start playing.

NOTE: This is free access to the game. On mobile devices the system only allows gameplay taking turns on the same device with free access. To create an online table, you need to be a premium user. As a teacher, this may or may not make sense as it offers you to host 10 live games at a time. Your guests can then play for free. Kids playing on a mobile device with their parents is a great way to play the game, keeping everything entirely free.

Mobile Access Codes

One mobile device, the various modes or setups of the game require separate download to avoid a paid subscription. Below, find each mode and its access code.

1. Download the app. Then navigate to the Library>Access the Game.
2. Then, enter the code(s) below for each level/mode of the game.
3. Once the game codes are individually entered, click on the game and download.

All levels/modes for the same game will be listed on the game's home screen.
